Project Name	The reconstructed archaeological site of Bizeux
Project URL	https://adramar.fr/plongee-sur-le-site-archeologique-reconstitue-de-bizeux/
Project Description	The reconstructed archaeological site of Bizeux presents an 18th century privateer wreck. We discover in scuba diving or in apnea, five guns, two arranged in ballast, three arranged in battery for defensive fire; a jas anchor. This reconstructed archaeological site with real artefacts is open to all audiences. It allows direct contact with the historical submerged Breton heritage for all audiences who master swimming.
